

TOEFL iBT Special Home Edition Test-Information Sheet.

To meet the needs of students who are unable to take the *TOEFL iBT*[®] test at a test center due to public health concerns, ETS is temporarily offering the TOEFL iBT Special Home Edition test.

The test is identical in content, format, and on-screen experience to the TOEFL iBT test taken at a test center. It is taken on your own computer at home and is monitored by a human proctor online through ProctorU[®].

At home, administrations are currently available around the clock every Tuesday, Wednesday, Thursday, and Friday through **June 30, 2020**. Appointments may be available as early as 24 hours after you register.

About the TOEFL iBT[®] Special Home Edition

- The TOEFL iBT Special Home Edition provides you with the convenience to test from your own home.
- You take the test using your own computer, and a proctor monitors your session through an online video camera.
- To take the test with ProctorU[®], you need:
 - A computer with Windows
 - A strong Internet connection
 - A working webcam
 - A functioning microphone
 - A private, quiet and well-lit area with a desk/workspace with a table

When you register for a TOEFL iBT Special Home Edition test, you will select your test date and time with ProctorU[®], not with ETS.

You will need to complete the first part of your registration and pay for your test in your ETS account.

Then you will be directed to your ProctorU account to select your test date and time, and complete your registration.

Test Price- Special Home Edition \$ 230
