

Shaping the Future of Health Together

The College of Health Sciences is a member of the QU Health Sector

QU Health Sector is the national provider of higher education in health and medicine. Launched in 2017, in line with Qatar's National Vision 2030 for education and health, to address the country's evolving needs and healthcare system. Our vision is to be recognized regionally for excellence in interprofessional health education and interdisciplinary health research.

We have nine health professions programs: Pharmacy, Medicine, Dental Medicine, Nursing, Biomedical Sciences, Nutrition & Dietetics, Physiotherapy, Public Health, and Speech & Language Pathology in five colleges.

ADMISSION REQUIREMENTS:

Why Study Speech and Language Pathology at Qatar University?

1

The Speech and Language Pathology program aims to provide students with theoretical foundations and practical skills in the field of speech and language pathology.

2

Graduating with a BSc in Speech and Language Pathology allows graduates to work as communication disorder specialists in hospitals, schools, and rehabilitation centers for children with disabilities, and private clinics.

3

The overall objective of speech-language pathology professionals is to provide therapy for individuals with communication disorders, including individuals with speech, language, voice, and swallowing disorders, helping improve their quality of life.
